³ Do nothing out of selfish ambition or vain conceit. Rather, in humility value others above yourselves, ⁴not looking to your own interests but each of you to the interests of the others. ⁵In your relationships with one another, have the same mindset as Christ Jesus: ⁶Who, being in very nature God, did not consider equality with God something to be used to his own advantage; ⁷rather, he made himself nothing by taking the very nature of a servant, being made in human likeness. ⁸And being found in appearance as a man, he humbled himself by becoming obedient to death— even death on a cross!

Freeman Academy is honored to share music with you this morning. These talented High School students have prepared songs, as we sing our praises to our Lord and Savior, together. We ask you to uplift all students attending school at Freeman Academy, support them through activities & events, and prayerfully consider a gift this morning toward Freeman Academy's general fund. When you choose to donate to Freeman Academy, our students learn about God's love in our classrooms, are taught by talented staff sharing their beautiful God-given gifts, and they continue to see how blessed they are to live in our community. Our goal between this Sunday and next is \$50,000. Committee member Lyndon Hofer will be available in the narthex October 20 and October 27 as you feel called to give. Envelopes with our address (PO Box 1000 Freeman SD 57029) are available if you would like to mail your donation directly to us or please contact us directly if you would be interested in setting up a reoccurring gift online. Thank you for making a positive impact at Freeman Academy.

A Word of Thanks

First of all, I want to thank you for your prayers. People have been asking for an update on my health situation. As you know, I was diagnosed with a leaky mitral valve that needs to be repaired or replaced. Unfortunately, I also had a stroke on September 14. The good news is that the (TPA) medicine I was given to break up the clot worked, leaving me with minimal side effects. The bad news is that the TPA also caused a brain bleed which makes having heart surgery too risky for now. The plan is to have a repeat MRI in December to reevaluate when heart surgery can be safely performed to repair the mitral valve.

Thank you for your ongoing prayers.
